Board built 2026-11-11 21:10 UTC; book prices as of 2026-11-11 21:06 UTC; injury report 2026-11-11 21:08. Results through Nov 9, 2026. Bankroll $1,000. Lines move: check the book before betting.

The card: 5 bets

In the order to take them: prices that beat Pinnacle's own number first (no model needed), then the model's edges against the opening line, wind unders, and nothing on the model alone (no stake: those are in Model leans, a separate document). Moneylines appear only when a price beats the sharp line. Stakes are quarter Kelly, capped at 3% a bet, sized as if 11% of the model's claimed edge were real — bets marked (bucket) are sized from their bucket's own record instead. Weekly cap 10% of bankroll; this week 3.3%. Wind unders are staked at half until they have a season graded on forecasts.
