Board built 2026-11-05 15:23 UTC; book prices as of 2026-11-05 09:08 UTC; injury report 2026-11-05 15:20. Results through Nov 2, 2026. Bankroll $1,000. Lines move: check the book before betting.

The card: 10 bets

In the order to take them: prices that beat Pinnacle's own number first (no model needed), then the model's edges against the opening line, wind unders, and nothing on the model alone (no stake: those are in Model leans, a separate document). Moneylines appear only when a price beats the sharp line. Stakes are quarter Kelly, capped at 3% a bet, sized as if 8% of the model's claimed edge were real — bets marked (bucket) are sized from their bucket's own record instead. Weekly cap 10% of bankroll; this week 7.6%. Wind unders are staked at half until they have a season graded on forecasts. Book prices are 6 hours old: check every price bet against the book.
